Understanding Digital Television explains complex technical systems and solutions in an easy to comprehend manner along with visual 3D graphics. It helps non-technical individuals such as managers, executives, general media professionals, as well as TV and home cinema enthusiasts gain a practical understanding of the equipment, technical aspects of digital television, and various ways of distributing. Most examples are from a European perspective, but also include comparisons with North American systems. This book answers the confusing questions about new devices and digital formats, what to do when the analog TV transmitters are switched off, watching TV using your broadband connection, and much more.

This book deals with the various ways Netflix reconceptualises television as part of the process of TV IV. As television continues to undergo a myriad of significant changes, Netflix has proven itself to be the dominant force in this development, simultaneously driving a number of these changes and challenging television's existing institutional structures. This comprehensive study explores the pre-history of Netflix, the role of binge-watching in its organisation and marketing, and Netflix's position as a transnational broadcaster. It also examines different concepts of control and the role these play in the history of ancillary technologies, from the remote control to binge-watching as Netflix's iteration of giving control to the viewers. By focusing on Netflix's relationship with the linear television schedule, its negotiations of quality and marketing, as well as the way Netflix integrates into national media systems, Netflix and the Re-invention of Television illuminates the importance of Netflix's role within the processes of TV IV.

In 1998, the series "Charmed", the story created by Constance M. Burge of three sisters who discover that they are powerful witches, first aired on the WB network. The series ran for eight series and into top-rating DVDs, and has established a continuing presence as cult TV. The world of "Charmed" is distinctively one of female solidarity, with sisters Piper, Prudence, Phoebe and, with the death of Pru, half-sister Paige making up the 'power of three'. In their crusade against the demonic population of their home city of San Francisco, the Halliwell sisters have also inheri.
